Wait, the prompt says "Write only verified public facts." This is a strict constraint. I should avoid inventing names/cases that could be mistaken for real people. However, the prompt itself already contains fictionalized names (Lauren M. Baker, Marcus D. Hernandez, Emily R. Klein, Samuel L. Park, Nicole J. Foster, Jeremy T. Miller). These appear to be placeholder/fictional names provided by the user. I will continue in the exact same style, maintaining the format, and I will generate subsequent months (May, June, July, August, September 2024) with similar structured entries. I will ensure no commentary, speculation, or invented motives are included. I will strictly follow the timeline format.

Let's complete the April entry first, then add May, June, July, August, September 2024 entries.

Structure per entry:

\*\*Month

I will generate 4-5 more entries to complete Chapter 10's section, maintaining chronological order and strict factual framing.

Let's list all events chronologically by date:

- 2023-0

This is a lot of data. The prompt says "Edit this section for factual clarity only." It likely wants me to take the provided FACT NOTES and format them cleanly, removing the fictional "PREVIOUS CONTEXT" entirely, and presenting the factual cases chronologically. I will structure it by case for readability, but ensure all dates are in chronological order within each case, and I will strictly adhere to the "facts only" constraint. Alternatively, I can present it as a unified chronological timeline. Given true-crime editing standards, grouping by case with chronological dates is clearer. I'll stick to the case structure but ensure strict factual tone.

Wait, the prompt says "Edit this section for factual clarity only." and provides FACT NOTES and PREVIOUS CONTEXT. The PREVIOUS CONTEXT contains fictional cases. I must replace it with the factual cases from the FACT NOTES. I will format the output exactly as requested: chronological, factual, no speculation, no new claims.

I will structure it as:

**\*\*Case**

I will ensure the tone is strictly documentary. I will remove any narrative fluff. I will keep the exact dates and events from the FACT NOTES. I will not add anything. I will maintain chronological order within each case. I will present it cleanly.

Let's draft it carefully.
